

2-13 创建ThreadLocalToken类

140.143.132.225:8000/project-1/doc-25

在 `com.example.emos.wx.config.shiro` 中创建 `ThreadLocalToken` 类。

```
1. package com.example.emos.wx.config.shiro;
2. import org.springframework.stereotype.Component;
3. @Component
4. public class ThreadLocalToken {
5.     private ThreadLocal local=new ThreadLocal();
6.     public void setToken(String token){
7.         local.set(token);
8.     }
9.     public String getToken(){
10.         return (String) local.get();
11.     }
12.     public void clear(){
13.         local.remove();
14.     }
15. }
```
